Professional Summary

Passionate and growth-focused B.Tech Computer Science student at Maharishi Markandeshwar (Deemed to be University), Mullana, currently transitioning into the 3rd year. Skilled in C++, Data Structures & Algorithms, JavaScript, and modern web development using React and Node.js. Actively building real-world projects, solving DSA problems consistently, and exploring scalable full stack development with long-term focus on DevOps and cloud technologies. Strong interest in building impactful products, collaborating in hackathons, and continuously improving through hands-on learning.

Education

Maharishi Markandeshwar (Deemed to be University), Mullana, Ambala, Haryana

Bachelor of Technology (B.Tech) – Computer Science Engineering
2024 – 2028

Maharishi Markandeshwar (Deemed to be University), Mullana is a NAAC A++ accredited private deemed university in Haryana. (mmumullana.org)

Technical Skills

Programming Languages

- C++
- JavaScript

Frontend Development

- React.js
- HTML5
- CSS3
- Tailwind CSS
- Redux
- GSAP

Backend Development

- Node.js
- Express.js

Database & APIs

- MongoDB
- REST APIs

Tools & Platforms

- Git
- GitHub
- VS Code

Core Concepts

- Data Structures & Algorithms
 - Responsive Web Design
 - State Management
 - Component-Based Architecture
-

Projects

Shaurya Portfolio

Tech Stack: JavaScript, HTML, CSS

Developed a personal portfolio website showcasing projects, skills, coding journey, and development experience with responsive UI and modern animations.

GitHub: <https://github.com/nm-dk-kishan/Shaurya-Portfolio>

DSA Love Babbar C++ Repository

Tech Stack: C++

Maintained a structured repository containing DSA problems solved while following the Love Babbar C++ DSA playlist. Focused on improving problem-solving skills, logic building, and coding consistency.

GitHub: <https://github.com/nm-dk-kishan/DSA-LoveBabbar-Cpp>

Hackureka – Farmers Agri Smart

Tech Stack: HTML, CSS, JavaScript

Built a collaborative hackathon project aimed at solving agriculture-related problems through smart digital solutions and user-friendly interfaces.

GitHub: <https://github.com/nm-dk-kishan/Hackureka---farmers-agri-smart>

SkillsSync AI

Tech Stack: JavaScript, React (Learning Project)

Developing an AI-focused project concept around skills, productivity, and smart learning workflows while exploring modern frontend architecture.

GitHub: <https://github.com/nm-dk-kishan/skillsync-ai>

Experience & Activities

Hackathon Team Collaborator

- Participated in multiple college-level hackathons as part of collaborative development teams.
- Worked on frontend development, idea implementation, debugging, and project presentations.
- Learned practical teamwork, Git workflow basics, and rapid problem-solving under deadlines.

Consistent Learning & Open Source Practice

- Regularly uploading projects and practice repositories on GitHub.
 - Following structured DSA learning through the Love Babbar C++ roadmap.
 - Building full stack development skills through hands-on project development.
-

Achievements

- Solved 110+ DSA problems on LeetCode and coding platforms.
 - Earned GitHub achievement badge: Pull Shark.
 - Received participation and recognition certificates in university activities and competitions.
 - Active coding learner focused on full stack and future DevOps engineering.
-

Coding Profiles

- GitHub: <https://github.com/nm-dk-kishan>
- LinkedIn: <https://www.linkedin.com/in/shaurya-shukla-coder/>

Career Interests

- Full Stack Development
- DevOps & Cloud Engineering
- Scalable Web Applications
- AI-powered Product Development
- Software Engineering
